

ARJUN MEHTA

Software Developer

Hyderabad, India | +91-90000-00000 | candidate@example.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Motivated Computer Science graduate with hands-on experience developing backend applications and database-driven software. Proficient in Python, Java, C++, SQL, Flask, and Django, with practical knowledge of version control and cloud deployment. Strong problem-solving skills and a focus on writing maintainable, reliable code.

TECHNICAL SKILLS

Languages: Python, Java, C, C++

Web: HTML, CSS, JavaScript, React, Node.js

Backend: Flask, Django

Databases: SQL, MySQL, MongoDB

Cloud & DevOps: AWS, Docker

Tools: Git, GitHub

PROFESSIONAL EXPERIENCE

Software Development Intern — TechNova Solutions

Hyderabad, India | Jan 2026 – Jun 2026

- Developed and tested Python-based backend modules for internal web applications.
- Created SQL queries and worked with MySQL databases for storing and retrieving application data.
- Built REST-style application functionality using Flask and improved input validation and error handling.
- Used Git and GitHub for version control, code reviews, and collaborative development.
- Assisted with Docker-based application setup and basic AWS deployment activities.

PROJECTS

Employee Management System

- Developed a CRUD application using Python, Flask, HTML, CSS, and MySQL.
- Implemented employee records, search, update, and deletion functionality.
- Structured the application into reusable backend components for easier maintenance.

E-Commerce Web Application

- Built a responsive web interface using HTML, CSS, and JavaScript.
- Integrated a Node.js backend with MongoDB for product and user data.
- Used GitHub to track development and manage project versions.

EDUCATION

B.Tech in Computer Science and Engineering | 2022 – 2026

Shadan Women's College of Engineering and Technology, Hyderabad

CERTIFICATIONS

Python Programming Fundamentals | SQL and Database Management | Git & GitHub Essentials | AWS Cloud Fundamentals
